### THERE SIMPLY ARE NOT ENOUGH NEW CHEVROLETS TO GO AROUND

We are getting our fair share of the current production of new Chevrolet passenger cars and trucks. And as strikes and shortages decrease, as the Chevrolet plants are able to produce more and more new passenger cars and trucks, we'll get more and more of them to deliver to our customers.

Meanwhile, as long as shortages do exist, it is our purpose to apportion our share of the new Chevrolets available fairly and justly among the many customers, new and old, whose continued friendship and patronage are the keystone of our business.

So that you may have no doubt as to our method of distribution of new Chevrolet passenger cars and trucks, we make the following-

## Not All Are Grateful

An old German proverb says that "Ingratitude is the world's reward," meaning, of course, that the average person too often fails to acknowledge the good things that come into his life. Well, not all people are that way. Some count their blessings and are duly thankful. We hope that spirit prevails in Manistique when its people are about to partake of their Thanksgiving feast.

We hope you have a happy Thanksgiving Day and that you will have abundant reason to be thankful.
